Organisation's activities for Educational Development.

The world is changing every minute in every field of life, envisaging the need for education along side. As stated above that currently trust is running with the prime motive, to develop educational activities for the tribal poor students by providing the necessary things like Stationary (i.e. books, note books, pen, pencils, Compass Box, Color Box, Drawing Book, charts, maps etc.) School Bags, School Uniforms, shoes, Socks and all type of study material to develop the educational activities and qualities among students. It is planned to arrange the programs of Medical check-up for the students twice/thrice in a year with necessary treatment and medicines. To develop their social and cultural activities, it is also planned that Cultural program and Educational tours will be executed time to time. It is regret to stated that due to lack of resources in above said tribal region peoples are living in small huts in forest of arravalli region and they are not able to take benefit from various educational program of government. Being the remote area is the main reason for lack of resources / facilities and for the same our trust take the initiatives to develop the area with the development of education. In year 1991 when trust applied for approval of hostel for the tribals (backward class), there was no other hostel for the tribal in the 10 mile circle area. As a Goal we plan that trust will provide the facilities to more than 400 students in a year and, to achieve the same we are committed to do all better efforts to provide more advanced and necessary facilities compared to student who belong to cities and coming from well settled family background , we decide to purchase kitchen Equipment's and related items and other educational

things like Magazines on History , Science and General Knowledge related Books, Black Board , Audio & Visual equipment's etc.

We have decided to cover the rural area of North Gujarat region mostly we will cover the people who are residing in area of tribal villages and who are below poverty line living in forests or agriculture income in this project.-Availability of better quality of food
