Educational Development.

The world is changing every minute in every field of life, envisaging the need for education along side. As stated above that currently trust is running a Ashram Shala (Residential School for Tribal Children) and a Boys Hostel at Agyol village of Himmatnagar block of Sabarkantha district. As well as with the prime motive, to develop educational activities for the tribal poor students by providing the necessary things like Stationary (i.e. books, note books, pen, pencils, Compass Box, Color Box, Drawing Book, charts, maps etc.) School Bags, School Uniforms, shoes, Socks and all type of study material to develop the educational activities and qualities among students.

To develop their social and cultural activities, it is also planned that Cultural program and Educational tours will be executed time to time. It is regret to stated that due to lack of resources in above said tribal region peoples are living in small huts in forest of Arravalli region and they are not able to take benefit from various educational program of government. Being the remote area is the main reason for lack of resources / facilities and for the same our trust take the initiatives to develop the area with the development of education.

In year 1991 when trust applied for approval of hostel for the tribal, there was no other hostel for the tribal in the 10 mile circle area. As a Goal we plan that trust will provide the facilities to more than 400 students in a year and, to achieve the same we are committed to do all better efforts to provide more advanced and necessary facilities compared to student who belong to cities and coming from well settled family background , we decide to purchase kitchen Equipment's and related items and other educational things like Magazines on History , Science and General Knowledge related Books, Black Board , Audio & Visual equipment's etc.

We have decided to cover the rural area of North Gujarat region mostly we will cover the people who are residing in area of tribal villages and who are below poverty line living in forests or agriculture income in this project.- Availability of better quality of food.

The basic idea to commence this Hostel was to ensure that students who live in remote village and who are unable to travel daily to their home after their school and as a result were unable to get education. The Hostel provides facilities to the students of remote areas to come and live here during their studies. Efforts are made to give them education culture and guidance. Free lodging and boarding is provided to them. The Hostel was established in 1991. During the first year 20 students were admitted. The trust tried its best to provide all facilities to the students. students from std. 9th to 12th are admitted in this hostel. At present 75 students are availing the benefits from this institution.
